

# INNOVATION PROJECT

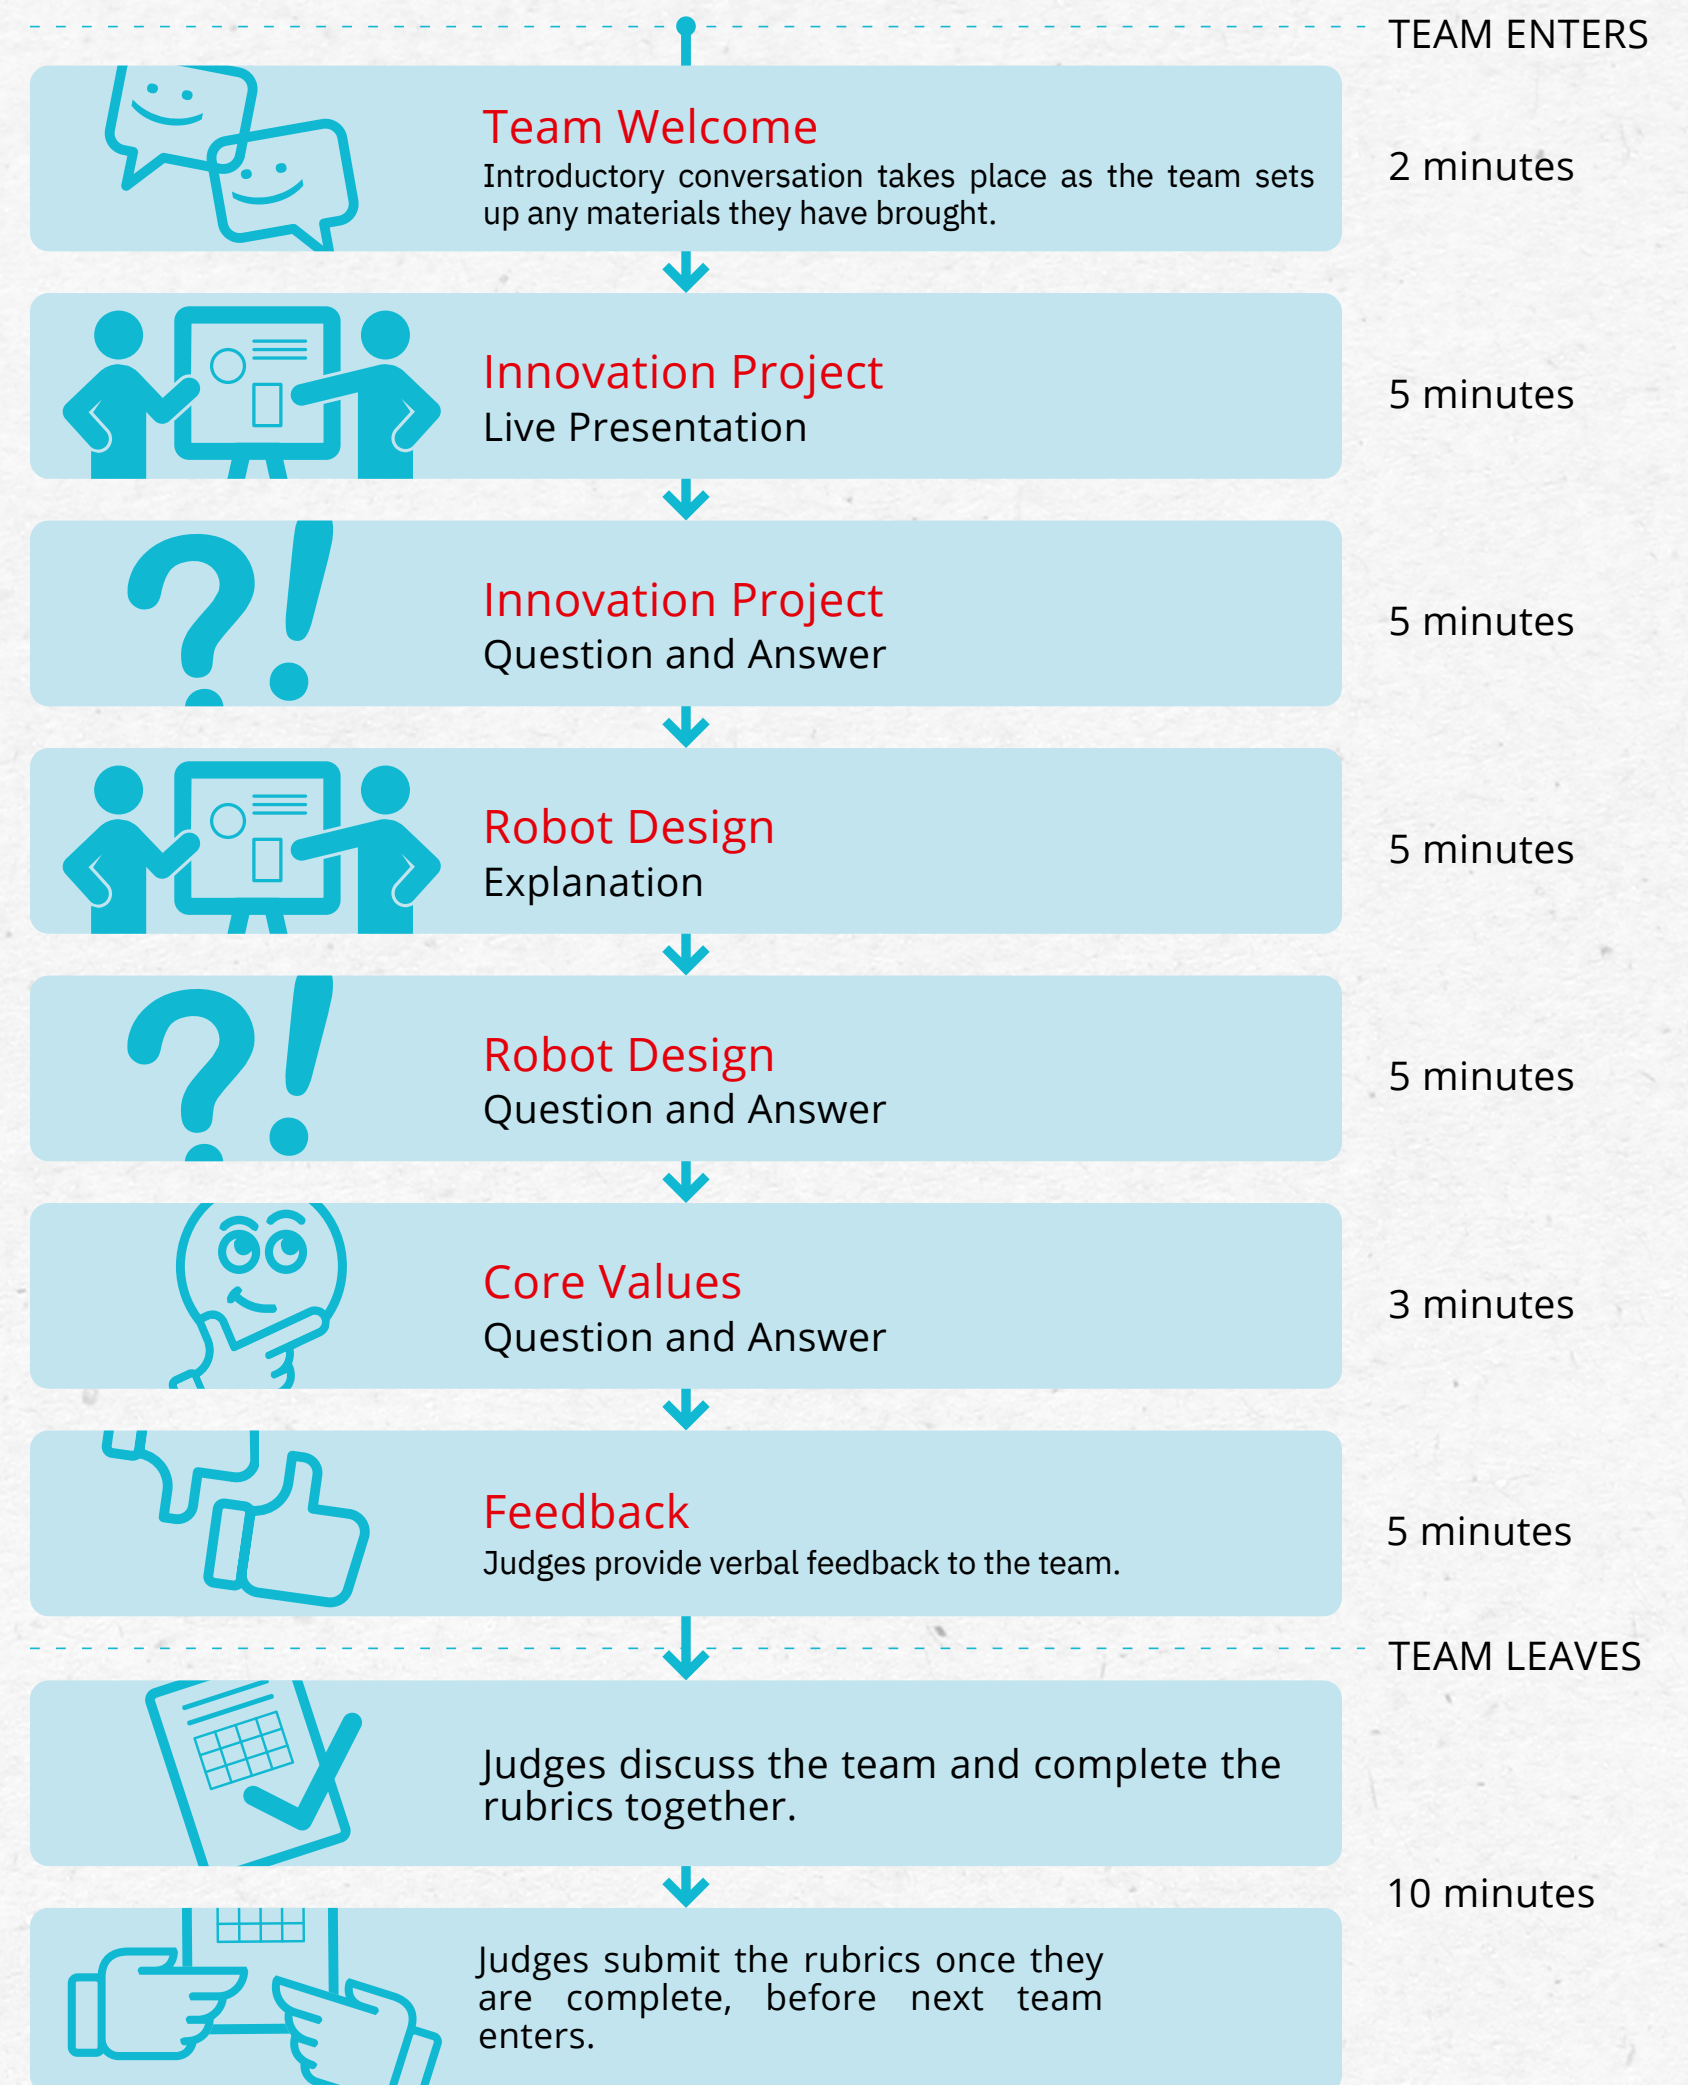

ACADIA ROBOTICS

## Judging Session Flowchart

Teams should demonstrate Core Values in everything they do. The judges are excited to see how they show , **teamwork, discovery, inclusion, innovation, impact,** and **fun** as they present their Innovation Project and Robot Design work.

This is the team's time to shine, so try to settle their nerves and encourage them. Please make sure they don't leave anything in the judging room, including any documentation, when they leave.

# FIRST® Core Values

We are stronger when we work together.

We respect each other and embrace our differences.

We apply what we learn to improve our world.

We enjoy and celebrate what we do!

We explore new skills and ideas.

We use creativity and persistence to solve problems.

Each of these four equally weighted parts of *FIRST*® LEGO® League Challenge accounts for 25% of your total performance at your event.

Core Values should be demonstrated at the event, where

you will showcase your team's amazing work on robot design and the innovation project. These three parts will be evaluated during the judging session. Your robot's performance will be evaluated during the robot game.

# OVERVIEW

## Innovation Project

How we share our own hobbies and interests with others can be an expression of our creative selves. People who work in the arts can teach us a lot about how to communicate, how to engage, and how to entertain an audience of any size. What can you learn from museums, theaters, and films that can help you share what you love to do?

Innovation Project  
Resources

## START

How can you use technology and the arts to help engage others or increase participation in what you love to do?

## INNOVATION PROJECT

Your team will prepare a live, engaging presentation to explain the work you have done on your innovation project.

### Your team will:

- **Identify** and research a problem to solve.
- **Design** a new solution or improve an existing one based on your selected idea, brainstorming, and plan.
- **Create** a model, drawing, or prototype.
- **Iterate** on your solution by sharing it with others and collecting feedback.
- **Communicate** your solution's impact.

# Innovation Project

Team #	Team Name	Judging Room
--------	-----------	--------------

**Instructions**  
Teams should communicate to the judges their achievement in each of the following criteria.  
This rubric should be filled out during the Innovation Project presentation.

Judges are required to tick one box on each separate line to indicate the level the team has achieved. If the team exceeds, please make a short comment in the Exceeds box.

BEGINNING 1	DEVELOPING 2	ACCOMPLISHED 3	EXCEEDS 4
			How has the team exceeded?
<b>IDENTIFY</b> – Team had a clearly defined problem that was well researched.			
<input type="checkbox"/> Problem not clearly defined	<input type="checkbox"/> Partially clear definition of the problem	<input type="checkbox"/> Clear definition of the problem	<input type="checkbox"/>
<input type="checkbox"/> Minimal research	<input type="checkbox"/> Partial research from more than one source	<input type="checkbox"/> Clear, detailed research from a variety of sources	<input type="checkbox"/>
<b>DESIGN</b> – Team generated innovative ideas independently before selecting and planning which one to develop.			
<input type="checkbox"/> Minimal evidence of an inclusive selection process	<input type="checkbox"/> Partial evidence of an inclusive selection process	<input type="checkbox"/> Clear evidence of an inclusive selection process	<input type="checkbox"/>
<input type="checkbox"/> Minimal evidence of an effective plan	<input type="checkbox"/> Partial evidence of an effective plan	<input type="checkbox"/> Clear evidence of an effective plan	<input type="checkbox"/>
<b>CREATE</b> – Team developed an original idea or built on an existing one with a prototype model/drawing to represent their solution.			
<input type="checkbox"/> Minimal development of innovative solution	<input type="checkbox"/> Partial development of innovative solution	<input type="checkbox"/> Clear development of innovative solution	<input type="checkbox"/>
<input type="checkbox"/> Unclear model/drawing of solution	<input type="checkbox"/> Simple model/drawing that helps to share the solution	<input type="checkbox"/> Detailed model/drawing that helps to share the solution	<input type="checkbox"/>
<b>ITERATE</b> – Team shared their ideas, collected feedback, and included improvements in their solution.			
<input type="checkbox"/> Minimal sharing of their solution	<input type="checkbox"/> Shared their solution with user OR professional	<input type="checkbox"/> Shared their solution with user AND professional	<input type="checkbox"/>
<input type="checkbox"/> Minimal evidence of improvements in their solution	<input type="checkbox"/> Partial evidence of improvements in their solution	<input type="checkbox"/> Clear evidence of improvements in their solution	<input type="checkbox"/>
<b>COMMUNICATE</b> – Team shared a creative and effective presentation of their current solution and its impact on their users.

<input type="checkbox"/> Solution and its potential impact on others unclear	<input type="checkbox"/> Solution and its potential impact on others partially clear	<input type="checkbox"/> Solution and its potential impact on others clear	<input type="checkbox"/>

Feedback Comments

Great Job:

Think About:

# IDENTIFY

➔ **Identify a specific problem related to sharing your hobbies or interests.**

Performing. Reading. Collecting. Skateboarding. Your hobbies and interests might be different from your friends'. Can you teach people about your hobby in a way that makes it fun and engaging?

# IDENTIFY

## → Research your problem and solution ideas.

Explore the many ways people share their interests with others. Using the arts as a guide, think about creative ways you could teach people about what you love to do. Can you find a fun way to get more people interested in your hobby? How can you use technology to make learning about your interests more immersive? Are there any experts you could interview?

# IDENTIFY

**IDENTIFY** – Team had a clearly defined problem that was well researched.

- |  |   |   |
|--|---|---|
| <input type="checkbox"/> Problem not clearly defined | <input type="checkbox"/> Partially clear definition of the problem  | <input type="checkbox"/> Clear definition of the problem                    |
| <input type="checkbox"/> Minimal research            | <input type="checkbox"/> Partial research from more than one source | <input type="checkbox"/> Clear, detailed research from a variety of sources |

# IDENTIFY research tips

## The Big Ideas

What ideas do you have about your topic and how will you present it?

## Brain Dump

What do you THINK you know about your topic?

## Keywords

What keywords will you need to use to find research on your topic?

## Shopping Cart

What books, articles, websites, people and videos do you think you will need for your research?

## Note-Taking

Take notes on what you are reading. Be sure to put quote around words you copy exactly.

## Citations

Cite the resources you use before you start taking notes on that resource.

## Organizing & Publishing

How will you organize the information you have gathered and put it in a way that others can read and understand?

## Evaluation

Did your research meet your personal or required goals?

## Primary vs. Secondary vs. Tertiary Sources

### Primary Sources

Immediate, first-hand accounts of the topic

• Speeches

• Letters

• Original texts of documents

• Interviews

### Secondary Sources

Sources created using primary sources

• Books

• Newspaper articles

• Documentaries

### Tertiary Sources

Sources created off secondary sources

• Book review

## IDENTIFY research tips

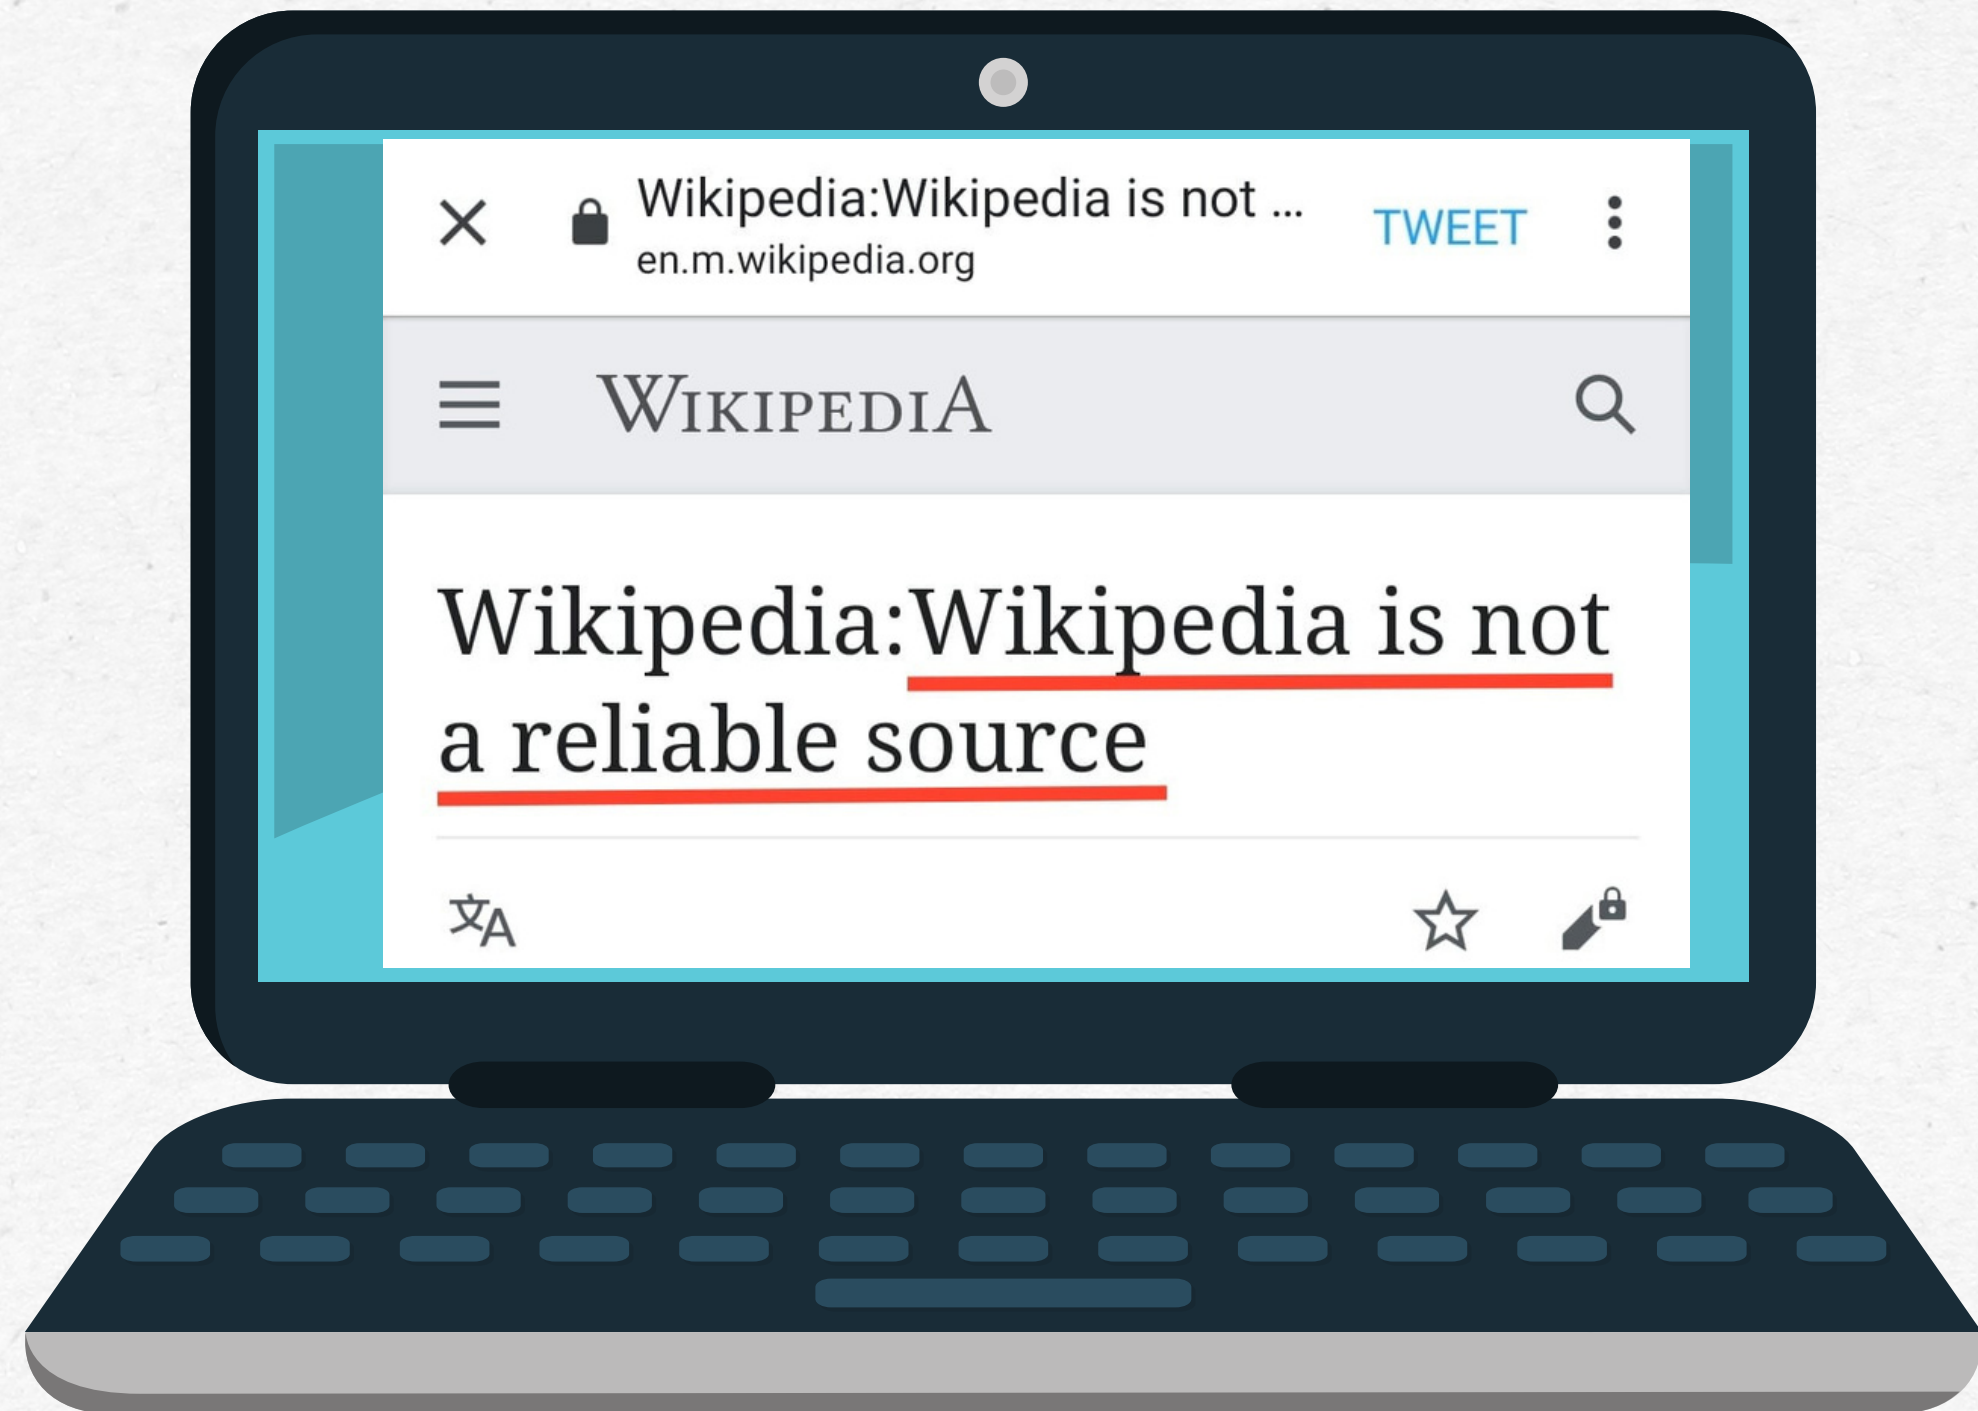

### Credible Source checklist

To determine if a source is credible, use this checklist!

- 1) Is the author of the source an expert?
- 2) Is the information up to date?
- 3) Is the purpose of the source to inform and not to sell?
- 4) Are there many facts and details rather than opinions?
- 5) Does the domain end with one of the following:
  - .edu
  - .gov
  - .org

©2014 Teaching Counts

# DESIGN & CREATE

→ **Design and create a solution that helps people learn about your passions!**

Use your research and explorations to either improve an existing way your hobby is shared or design a new innovative way to share! Can you think of any technology that could be used in a new or creative way? Make a drawing, model, or prototype of your solution.

# DESIGN

**DESIGN** – Team generated innovative ideas independently before selecting and planning which one to develop.

☐ Minimal evidence of an inclusive selection process

☐ Partial evidence of an inclusive selection process

☐ Clear evidence of an inclusive selection process

☐ Minimal evidence of an effective plan

☐ Partial evidence of an effective plan

☐ Clear evidence of an effective plan

# CREATE

**CREATE** – Team developed an original idea or built on an existing one with a prototype model/drawing to represent their solution.

<input type="checkbox"/> Minimal development of innovative solution	<input type="checkbox"/> Partial development of innovative solution	<input type="checkbox"/> Clear development of innovative solution	<input type="checkbox"/>	
<input type="checkbox"/> Unclear model/drawing of solution	<input type="checkbox"/> Simple model/drawing that helps to share the solution	<input type="checkbox"/> Detailed model/drawing that helps to share the solution	<input type="checkbox"/>	

# ITERATE

→ **Share your ideas, collect feedback, and iterate on your solution.**

The more you iterate and develop your ideas, the more you will learn. What impact will your solution have on your audience?

**ITERATE** – Team shared their ideas, collected feedback, and included improvements in their solution.

☐ Minimal sharing of their solution

☐ Shared their solution with user OR professional

☐ Shared their solution with user AND professional

☐ Minimal evidence of improvements in their solution

☐ Partial evidence of improvements in their solution

☐ Clear evidence of improvements in their solution

# COMMUNICATE

→ **Communicate your solution with a live presentation at an event.**

Prepare a creative and effective presentation that clearly explains your innovation project solution and its impact on others. Make sure your whole team is involved in sharing your progress.

# COMMUNICATE

**COMMUNICATE** – Team shared a creative and effective presentation of their current solution and its impact on their users.

<input type="checkbox"/> Presentation minimally engaging	<input type="checkbox"/> Presentation partially engaging	<input type="checkbox"/> Presentation engaging	<input type="checkbox"/>	
<input type="checkbox"/> Solution and its potential impact on others unclear	<input type="checkbox"/> Solution and its potential impact on others partially clear	<input type="checkbox"/> Solution and its potential impact on others clear	<input type="checkbox"/>

in innovation and businesss*

## Kahoot!

*arts trivia*

# IDENTIFY

*Example:*

Hobby: Reading  
Share with: Veterans  
Problem: Vision Impairments

# DESIGN

*Example:*

**Existing sharing method:** having sighted people read books aloud makes the content accessible to people who cannot see words on a page.

**How technology can improve:** Phonographs used for music could also be used to play recordings of people reading aloud! This makes the reading experience independent.

# CREATE

*Example:*

# ITERATE

*Example:*

# ITERATE

*Example:*

**Shared with User and Professional:** Solution could be more portable, and could utilize other sharing methods.

**Improvements to Solution:** Audiobooks can be recorded on cassettes!

Braille is effective, but isn't accessible to people who have are new to reading braille. Our solution can be used to follow along with braille books!

# COMMUNICATE

**COMMUNICATE** – Team shared a creative and effective presentation of their current solution and its impact on their users.
